

Risk assessment sheet

Route: Walton Lake from Ye Olde Swan, Woughton on the Green - Long

Date: 20th August 2015

Assessment carried out by: Brian Davis

Hazard	Who might be harmed?	How can the risk be controlled?	What further action is needed to control the risk?
Cattle grids at gates could cause injury if walked on and foot slips between the bars.	Anyone trying to walk on them.	Advise walkers at introductory address to use the gates NOT the cattle grids in order to avoid potential injury.	
Traffic on roads.	Anyone on the road.	Advise walkers at introductory address to look out for traffic before venturing onto the carriageway.	
Mooring warps and bollards along canal towpath.	Anyone using the towpath.	Advise walkers at introductory address to be alert to the presence of these obstructions along the tow path.
